“ Mr. Winning was kind & endlessly patient as a teacher. He was also young--didn't seem much older than we were. I loved his classes. You knew he really cared about helping you understand difficult math. My condolences to his family.

“ Mr. Winning is one of the teachers I have never forgotten. He was a new teacher and so approachable, upbeat, fun and young, that it felt like like he was going through those four years at Mayfield High right along with us. My senior class dedicated our yearbook to him. The 1967 dedication read in part, "...a math teacher, guidance counselor, the junior varsity basketball coach, and advisor the the Future Teachers of America Club. In each of these capacities he has won much more than the respect of students. [He is] Mr. Winning." My sympathies to Mrs. Winning and her daughters.

“ I was so sorry to learn of Mr. Winning's passing. He was my 10th grade trigonometry teacher at Amsterdam High. Although I was not particularly fond of trig, and found it to be very challenging, Mr. Winning was absolutely one of my favorite and best teachers. He was kind, patient, compassionate and a wonderfully effective educator. He ultimately helped me to have a very successful year, and I will always remember his dedication to his profession as well as his gentlemanly manners.
With deepest condolences,

Dear Winning Family:

I am very sorry about the loss of your husband and father. I was a student of "Mr. Winning" many years ago in Amsterdam. While Math was always difficult for me, he helped me understand it and struggle through. He was a wonderful teacher, and I still have fond memories.

My heartfelt condolences,
